

The instructor for this course will be:

Robert Hickey

Robert was hired late in 2010 to take on the responsibility of running Water and Ice's fully-stocked East Coast Branch location.

His 20 years of experience include wholesale distribution to retail pool dealers and commercial pool clients.

Robert has run training sessions on pool/spa water chemistry, chlorine dosage calculations, salt/chlorine generating systems, and other newer products. He has completed the ETS UV factory training, SwimQuip Hydrodynamics Course, and holds a current CPO® Instructor Certification.

His experience goes beyond the office - getting out in the field for installation, commissioning and training.

Cancellation Policy

Without exception, if a withdrawal is made 5 working days prior to the start of the course a 30% administration fee will be deducted.

No refunds will be issued after Nov. 12th, 2019; however, you may substitute another person to attend at no additional charge.

If the course is cancelled for any reason, including inclement weather, all registrants will be contacted and a full refund will be provided.

Recreation New Brunswick is a not for profit organization dedicated to advancing the recreation and parks field by broadening the knowledge and experience base of our members.

We will be hosting this Certified Pool Operator Course in conjunction with Water and Ice, a Canadian company specializing in the commercial swimming pool market.
