

Funding Guidelines for the Inclusive Recreation Activity Fund

WHO is eligible for funding?

New Brunswick municipalities and not-for-profit organizations looking to support active living for individuals living with a disability are eligible for funding. The World Health Organization defines a disability as "...any restriction or lack of ability to perform an activity due to impairment."

WHAT is eligible for funding?

Expenses associated with new or existing inclusive physical activity programming or infrastructure that removes barriers to active living and/or recreation opportunities are eligible for funding. Examples of appropriate requests include funding to reduce program fees, purchase new equipment, cover transportation costs or perform facility upgrades. One-time events and tournaments are ineligible for funding.

WHEN (and HOW) will funding be awarded?

The Inclusive Recreation Activity Fund will be awarded twice in 2018-2019. Application deadlines for these rounds of funding will be August 17, 2018 and January 18, 2019. The Inclusive Recreation Activity Fund Selection Committee will meet to review applications and allocate a total of \$5,000 following both of these dates.

The Activity Fund Selection Committee will consider all applications and select requests that best reflect a long-term commitment toward improving access to physical activity programming and/or recreation opportunities. Priority will be given to first time applicants and Recreation NB membership. All funds will be made payable to the community or organization supporting the approved project.

HOW do we apply?

Application forms are available online at: www.recreationnb.ca/programs-and-initiatives. Requests should not exceed \$5,000 and must be accompanied by a letter of intent detailing how these funds will be used and their potential benefit to your community or organization. Forms and letters can be submitted by email or mail to:
